

ADF/XML

Automatic can receive leads from all sources seamlessly. To receive leads in Automatic, send a request to your other lead source partners that all leads be sent to the ADF/XML email address.

Your ADF/XML Lead email address can be found in Automatic. Here's how to find it:

1. Click on the **Dealership Storefront icon** within your dealership view in Automatic

2. You'll find the ADF/XML Email address listed here
3. Select the **Copy icon** to easily copy and paste the ADF/XML email address

Now that you've located and copied your Lead Email address, send an email to your lead source partners requesting that your leads also be sent to this ADF/XML email address.

To: [Your Lead Source Partners]
Subject: ADF/XML Lead Delivery Request
Hi [Recipient's Name],
I am requesting that my leads for [Dealership Name] be sent to an additional ADF/XML email address.
Please add [Paste ADF/XML Address] to my lead delivery email settings.
Thank you, [Your Name]

To make this easy, follow this recommended email template!
